Jwala Devi Saraswati Vidya Mandir Inter College Prayagraj
2023-2025
2018-2021
2017-2018

Technical Skills

Intermediate

- Programming language: Java, Javascript, C,C++
- · Front-End: HTML, CSS, React.Js, Tailwind
- · Backend: Spring Boot
- · ToolS: GitHub

Projects

· Resume Builder Website -An Online Resume Creation Platform

Developed the frontend for a resume-building website using **HTML, CSS, and JavaScript,** offering users an intuitive and interactive platform to create professional resumes with customizable templates and real-time preview features.

Currency Converter – A Real-Time Currency Exchange Platform

Developed a Currency Converter application using **React.js**, enabling users to convert currencies in real-time with up-to-date exchange rates. Implemented a user-friendly interface with dynamic input fields and API integration for accurate currency conversions.

Quiz App – An Interactive Quiz Platform

Developed a Quiz Application using **React.js**, providing users with an engaging and dynamic quiz experience. Implemented features like timed quizzes, score tracking, multiple question types, and real-time feedback, enhancing user interaction and learning.

• Employee Management System – A Full-Stack CRUD Application

Developed an Employee Management System using React.js (frontend) and Spring Boot with JPA & Hibernate (backend). Implemented a RESTful API for managing employee data, including features like CRUD operations, role-based authentication, pagination, and real-time updates. Ensured seamless data persistence with Hibernate and JPA, enhancing efficiency and scalability.

Strength

- Teamwork
- Problem Solving

Training

MERN Stack (45 Days)

Completed training in the MERN Stack (MangoDB, Express.js, React.js, Node.js) to build full - stack web applications
